

10-5-19

Not knowing anyone in Sunriver when I first moved here in 2014, I asked my realtor for a recommendation for a handyman. I was given Rick Garza's name of A to Z Handyman General Contracting Services. Since then, he has done all kinds of work for me, big and small, from repairing a toilet, to installing cabinets, sinks, and fans. He has proven to be very efficient, knowledgeable, and most competent, besides being tidy, thorough and thoughtful. Plus he always manages to squeeze me into his busy schedule. I don't just consider him a very reliable competent and honest handyman, but also actually a friend I can count on.

Sincerely,  
Jaimee Neely  
Sunriver Oregon
